Dear Sir / Madam

Mining CSI is a quarterly publication which is a communication platform for mining companies to showcase the success stories and the good work they do within their communities. Mining companies contribute millions of rands every year to these communities as part of their Social & Labour Plans (SLP's) commitments, including Local Economic Development (LED's) bursaries, health, housing and schools. However, many South Africans are not aware of these enormous contributions. Mining CSI is also a proud partner of the Mining Indaba which takes place in Cape Town annually.

Mining CSI, supported by various government departments, mining companies and organisations, will host a premium golf challenge titled **Mining CSI Charity Golf Challenge, taking place on Thursday 8th February 2024 at the prestigious King David Mowbray Golf Club, Cape Town.**

Your company has been chosen as one of the select companies to participate in this exclusive golf challenge during the week of the Mining Indaba. A golf day of this nature also promotes learning and sharing of ideas as well as experiences on a range of developmental and partnership issues faced by mining companies, government, and mining communities. We are confident that these informal networks will grow your relationship with other participants and provide you further opportunities for cooperation and partnerships. This is the first of many great years ahead.

The prize giving will be held in the evening where golfers will be awarded fabulous prizes, plus prize draws for non-golfers attending the dinner. This is a charity golf day intended to raise funds for an under-privileged school. An auction will be held during the prize giving dinner, of items from some of our highly celebrated leaders.

I hope my request for your participation will receive your most esteemed consideration and acceptance.

We are looking forward to hosting your company at the Mining CSI Charity Golf Day, on the 8th of February 2024, King David Mowbray Golf Club, Cape Town.

Thank you,

Moses Sibiya

Mining CSI

Director
